

THE OWOSSO TIMES.

VOL. XIX, NO. 29.

OWOSSO, MICHIGAN, DEC. 10, 1897.

WHOLE NO. 906.

Direct From Distiller To Consumer

Saving Middlemen's Profits,
Preventing Possibility of Adulteration.

We are distillers with a wide reputation of 30 years standing. Our whole enormous product is sold to consumers direct. We sell direct so that our whiskey may be pure when it reaches you. For medicinal purposes adulterated whiskey is dangerous. For sideboard purposes it is abominable, yet it is almost impossible to get pure whiskey from dealers. We have tens of thousands of customers who never buy elsewhere. A customer who once tries our whiskey is a customer always. We want more of them, and we make the following offer to get them:

We will send four full quart bottles of Hayner's Seven Year Old Double Copper Distilled Rye for \$3.25. Express Prepaid. We ship in plain packages—no marks to indicate contents (which will avoid possible comment). When you get it and test it, if it is not satisfactory return it at our expense and we will return your \$3.25. Such whiskey can not be purchased elsewhere for less than \$5.00.

We are the only distillers selling to consumers direct. Others who claim to be are dealers, buying and selling. Our whiskey has a customer always. We want more of them, and we make the following offer to get them:

Aching Joints
Announce the presence of rheumatism which causes untold suffering. Rheumatism is due to lactic acid in the blood. It cannot be cured by liniments or other outward applications. Hood's Sarsaparilla purifies the blood, removes the cause of rheumatism and permanently cures this disease. This is the testimony of thousands of people who once suffered the pains of rheumatism but who have actually been cured by taking Hood's Sarsaparilla. Its great power to act upon the blood and remove every impurity is the secret of the wonderful cures by Hood's Sarsaparilla.

An examination of the work of the new tariff law shows that the so called protests of foreign countries do not seem to have availed anything more in their effect upon our commerce with those countries than they did in their effect upon congress. No attention was paid to them by congress, and it seems that commerce is now paying no attention to them. The thirteen countries which made formal protest against certain features of the tariff law of 1897, in the two months in which the details of our exports can be obtained, have purchased \$131,446,503 in value of our products and merchandise, against only \$107,077,586 in the corresponding months of last year under the Wilson law. That doesn't look much as though foreign doors were being closed against us on account of the new tariff.

The democratic statesmen who were laughing in their sleeves during the consideration of the Dingley law over the fact that a dozen or more countries had threatened to retaliate by excluding our products from their ports in case this country again adopted a high tariff against their products laugh no longer. An examination of the books of the treasury department shows that our exports to those countries in the first two months of the Dingley law were far in excess of our exports to these same countries in the corresponding two months of last year under the Wilson law, thus justifying the republicans in their belief that the threats of retaliation were groundless.

Secretary Bliss has evidently carried his business habits with him to the interior department. He has succeeded in getting down the estimates of his subordinates for the fiscal year over \$9,000,000. This is an effective way every time of fighting a deficit.

"I was run over by a lumber wagon. Did not expect to live. Was terribly bloated. My friends bled me with Dr. Thomas' Electric Oil, and I was cured. We have great faith in Thomas' Electric Oil." Mrs. Wm. F. Babcock, Norvell, Mich.

The frontispiece of the American Monthly Review of Reviews for December is a reproduction of the remarkable painting, "The Raising of Lazarus," the work of the young American negro artist, Mr. Henry O. Tanner. The painting has been purchased by the French government for the Luxembourg Gallery.

Pain in the side nearly always comes from a disordered liver and is promptly relieved by Carter's Little Liver Pills. Don't forget this.

The publishers of the Michigan C. E. Herald are using every effort to make that journal of interest to Christian Endeavorers of Michigan, and wish to secure a large number of new subscribers by January 1. next. For this reason they offer to send the Herald to any address for one year for 25 cents, (regular price 50 cents.) This offer will hold good only until Jan. 1, 1898. Address, Michigan C. E. Herald, Tawas City, Mich.

When you are suffering from Catarrh or Cold in the head you want relief right away. Only 10 cents is required to test it. Ask your druggist for the trial size of Ely's Cream Balm, or buy 50c size. We mail it. ELY BROS., 24 Warren St., N. Y. City. I was afflicted with catarrh last autumn. During the month of October I could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus Geo. Shantz, Rahway, N. J.

How to Make Chili Sauce.
Twelve large, ripe tomatoes, 3 green peppers, 2 onions, all chopped; 1 tablespoonful of salt, 2 of sugar, 2 teaspoonfuls of ginger, 3 of cinnamon, 1 of cloves, 1 cup of vinegar, 2 teaspoonfuls of celery seed. Boil two hours, stirring frequently.

How to Keep the Teeth White.
Precipitated chalk will keep the teeth in fine condition. Have a box of it always on your toilet stand and see what it will do toward freshening up a dingy mouthful of teeth.

In an article in the Philadelphia Inquirer, dealing with some phases of the railway problem in Great Britain and the United States, Robert P. Porter says the most superficial observer must be struck with the widely different treatment accorded railway enterprise by the legislators of the two countries. In England the railways have been treated with reasonable intelligence, and, while parliament has insisted upon equal and reasonable rates, they have not, as in this country, been tied up by an interstate law, which forbids freedom of contract for the purpose of unification of charges at competing points, nor harassed in a thousand different ways by almost half a hundred legislatures, with unlimited power and great inclination for local mischief. As a result of this policy, the returns of the British railways for 1896 show these properties to be in exceedingly prosperous condition, nearly all the stocks bringing fair dividends, the interest on the loans and bonds promptly paid, the wages of the employees on some roads voluntarily increased, and an increased employment, both in the shops and on the tracks.

Last year the statistician of the interstate commerce commission, when contemplating the fact that in two years our railways had run behind over \$75,000,000, remarked: "Should this continue, either the investments or the credits of railways must disappear." In the United States the credit has already gone and the investment is rapidly following. About \$3,500,000,000, or over seventy per cent of the capital stock of railways pays no dividend whatever. In England the returns of 1896 show that only \$285,000,000, or about eight per cent of the capital stock is unremunerative. In England the dividends average nearly four per cent; in the United States last year only about one and one-half per cent.

In the United Kingdom, the interest of no loans nor bonds went by default. The report says of about \$5,000,000 "not entitled to interest," an interest ranging from two to five per cent and over was paid on the loans and debentures, aggregating about \$1,450,000,000. As an offset to this healthy showing, we have about \$890,000,000 of the bonds of American railways in default, or nearly 17 per cent of the whole. As investments for savings funds, with a few noted exceptions, the American railway security cuts no figure. On the other hand, English railway securities are looked upon in that country as excellent stocks to buy, not for speculation, but investment. As a consequence, English railways can command all the necessary capital to carry on needed improvement and employ the full quota of hands.

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it cleans and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

"I contracted a severe cold from exposure. Coughed all winter. Could get no relief. Dr. Wood's Norway Pine Syrup broke up the cold and drove away the cold. Never took anything that did me so much good." I. H. Brooks, North Haverhill, N. H.

How to Cure 'For the Baby.'
A very great drawback in babies' outdoor garments is that they usually have capes that are cut so as to fasten round the neck and leave most of the weight dragging behind. A coat shaped pelisse in which the weight is partly borne by the shoulders is far better. Earache is usually the result of cold, taking children out in a high wind or letting them sit or stand in a keen draft.

If the presence of earache is suspected, just a drop of sweet oil dropped in on either side will frequently give relief, because it softens the wax that sometimes accumulates in the ear. Nature does not often provide too much, but now and then an extra quantity is secreted. No one must ever be permitted to poke anything, not even the corner of a handkerchief, into an infant's ear. Syringing very gently with warm water and dabbing dry with a soft handkerchief may be resorted to if there is no doctor within reach.

Cinnamon Coated Pills.
Dr. Agnew's Liver Pills are coated like a cinnamon drop, very small and delightful to take. One pill a dose, 40 in a vial for 10 cents. Their popularity is a whirlwind, sweeping competitors before it like chaff. No pain, no griping, no inconvenience.—40. Sold by L. M. Watson and Parkill & Son.

Probate Court.
Order made admitting Clayton Brown, a dependent child, to the state public school at Coldwater.

Christian Beck qualified as administrator of the estate of Peter C. Beck, deceased. F. Kennedy and E. Steadman, appraisers.

Francis H. Morris was appointed administrator with the will annexed of the estate of Ashley B. Clark, deceased.

License to sell real estate at private sale issued in the estate of Eunice B. Wheeler, deceased.

Guardian released and discharged in the matter of Erwin L. Marble, a minor, and of Winnie G. Hopkins, now Burke, a minor.

Patrick Smith appointed guardian of Thomas J. Smith, and others, minors.

Petition for probate of the will of Cyrus Isham, deceased, and petition for appointment of an administrator of the estate of Frank C. Osmer, deceased, to be heard Dec. 27th.

On the 20th day of December, the executor of the will of Wm. N. Cole, deceased, will render his final account.

On the 27th day of December final account of the guardian of Lucy Cannon, a mentally incompetent person, will be heard. On same date petition of administrator of estate of John O. Hinkley, deceased, for license to sell real estate, will be heard.

Dimondale, Mich., Nov. 9, 1897.—I have received the Rainy Day Puzzle sent for three trademarks from Hood's Sarsaparilla and 8 cents in stamps and was well pleased with it. I am now taking my fifth bottle of Hood's Sarsaparilla and it is doing me wonderful good. I have enlargement of the liver and indigestion. Jessie Searls.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

Eczema Relieved in a Day.

Dr. Agnew's Ointment will cure this disgusting skin disease without fail. It will also cure Barber's Itch, Tetter, Salt Rheum and all skin eruptions. In from three to six nights it will cure Blind, Bleeding and Itching Piles. One application brings comfort to the most irritating cases. 35 cents—39. Sold by L. M. Watson and Parkill & Son.

How to Build a Fire.

First pull the andirons three or four inches toward the front and place a large, heavy stick at the back—our grandfathers would call it "backlog." Then kindle your fire. When the heavy stick or backlog is well heated and has commenced to burn, draw it forward and place another at the back. In doing this most of the blaze is kept on the front side and full benefit of the wood burned received.
